| 10/28/2008 | <u>1038</u> | ORDER The motions of defendants En-Tech Corporation and C. B. Contracting Corporation are denied. Issues of fact in the motion against these defendants premature. The task of determining which of the construction defendants may have caused injuries to which of the plaintiffs cannot be determined on the record now existing. I make this ruling notwithstanding serious misgivings about the merits of the plaintiffs' case against these two defendants. C. B. Contracting performed welding work on site, and En-Tech worked to clear the sewers. There is a dispute as to whether C. B. Contracting Corp. worked from February 2002 or from May 2002, and if its work emitted "torch fumes" that caused respiratory injuries to nearby workers. Regarding En-Tech, there is a dispute as to whether it dumped decanted, but contaminated, sewerage and was involved in dust suppression activities with contaminated water that caused respiratory injuries to workers. I make large claims on limited facts. But, plaintiffs claim that they have not yet had adequate discovery on these issues and they are correct. We have been concentrating on other issues: first, on issues of immunity that took many months and involved a long appeal with a stay issued by the Court of Appeals; and then, on core discovery and on eliciting objective facts about plaintiffs true injuries. There has not yet been sufficient discovery on specific defendants' general liability against specific plaintiffs. That issue, and others, will be topics of discussion at the next pre-trial conference, scheduled to be held on November 19, 2008, 4:00 pm. This order, with my previous order dated October 3, 2008 and the party's stipulation dated September 3, 2008, terminates all aspects of defendants' motion dated July 11, 2008. (Pretrial Conference set for 11:00 AM at 04:00 PM before Judge Alvin K. Hellerstein.) (Signed by Judge Alvin K. Hellerstein on 10/27/08) (rjm) (Entered: 10/28/2008) |

| 12/02/2008 | <u>1051</u> | CASE MANAGEMENT ORDER AND PLAN. The protocol outlined below, and supplemented in the attached chart, Proposed Case Management Order and Plan for onward progression of these cases towards final resolution. The Court considered recommendations from the parties and the Special Masters and will hear arguments at the December 10, 2008 Status Conference. 1. Divide the aggregate number of plaintiffs into five groups. A. Group A: Cases with case index numbers 1 – 2000 B. Group B: Cases with case index numbers 2001 – 4000 C. Group C: Cases with case index numbers 4001 – 6000 D. Group D: Cases with case index numbers 6001 – 8000 E. Group E: Cases with case index numbers 8001 – (10000). 2. Forty days after this process is put in motion, the parties must deliver to the Special Masters responses, under oath, from plaintiffs and defendants, for Group A, in index number sequence, fully and truthfully answering the following 35 data entry points ("Severity Chart Plus") from the November 26, 2008 Discovery Database. A. Case profile information (data entry points 2 – 6) B. Duration of exposure at World Trade Center site (data entry points 72 – 81) C. Plaintiff's pre-existing conditions (data entry points 108 – 114) D. Severity of claimed illnesses (data entry points 201 – 212) E. Conditions, injuries, and diseases for which plaintiff seeks recovery (data entry point 131) i. NOTE: Point 131's wording has been altered from the November 26, 2008 Discovery Database. It now reads: "For which diagnosed condition(s), injury(s), disease(s) does PE seek recovery?" 3. Within ten days, the Special Masters shall identify: A. Group AI: 200 severe cases in Group A B. Group A2: 25 cases selected randomly from the remainder of Group A C. Group A3: 400 additional cases selected randomly from the remainder of Group A D. Group A4: All remaining cases within Group A 4. Five days later, plaintiffs' Liaison Counsel and defendants' Liaison Counsel shall each identify two Group AI cases for discovery and trial. A. Discovery shall commence promptly and will be permitted on all issues relevant for discovery and trial, including information disclosure response to database queries. B. The discovery completion date, the final date for filing motions, the date upon which the parties will argue motions, and the trial date appear in the attached chart. C. Note: The Court chose to vary the Groups' motion practice schedules and to set common trial dates based on the assumption that much of discovery and motion practice |

| | | later-sequenced cases is likely to cover the same ground. 5. Within forty days after the Special Masters make the identification in "Step 3," the parties shall populate the entire Database for Groups A1 and A2, fully and truthfully and under oaths of plaintiffs and responding defendants, the answers each give. 6. Five days later, the Special Masters will select two additional Group A1 or Group A2 cases for discovery and trial. These two cases will also proceed through discovery and trial as set out in "Step 4." 7. Eighty days after database completion is required for Groups A1 and A2, entire Database completion is due for Group A3. 8. The protocol in Steps 2 through 7 shall be accomplished for Groups B through E. Each Group will begin this process 40 days after the previous Group begins. 9. The entire Database will be completed for Groups A4, B4, C4, D4, and E4 on or before January 1, 2011. 10. Pending adoption, this process will commence (and "Day 1" purposes of the attached chart will be) January 1, 2009. Weekends and legal holidays are included even when set time periods are brief. 11. If a case chosen to proceed with discovery and trial settles prior to trial, the party that originally brought that case (plaintiffs, defendants, or the Special Masters) may choose another case from the first subgroup of the settled case's Group to go into that settled case's track for discovery and trial. Because disagreements remain regarding some of the "lists" in fields 6, 109, 131, 202, 205, 208 and 212, parties shall arrange a conference with the Special Masters in which they may settle these disputes. Any disagreements that persist should be brought to the Court for resolution during the December 10, 2008 conference. The Court further orders the defendants to produce a map of the World Trade Center site, showing contractors relating to the particular sites on which they performed services, their insurance coverage, and the period during which they performed services. Annexes should show the insurance agreements, limitations and exclusions. If disclosures are made because of objections, notwithstanding earlier rulings by the Court, the objections should be stated at the December 10, 2008 conference so the Court can rule on them formally. | 02/19/2009 | <u>1138</u> | OPINION DISCUSSING METHODOLOGY FOR DISCOVERY AND TRIALS OF SAMPLE CASE #97107: No one can plan for over 9,000 cases can be so wise as to be immutable, or so clever as to foresee all possibilities. However, Case Management Order No. 8 was forged with the experience of earlier failures and frustrations, and with full and intense cooperation of Special Masters and plaintiffs' and defendants' counsel. It establishes a flexible, fair, and efficient plan to move these cases through discovery and to trial in reasonable time. It remains for the parties to act consistently with the provisions to bring about just such results. SO ORDERED. (Signed by Judge Alvin K. Hellerstein on 2/18/2009) (jmi) (Modified on 2/23/2009 (mro)). (Entered: 02/19/2009) |

| 2/23/2009 | <u>1153</u> | ORDER. Plaintiffs Counsel has informed the court in an electronic correspondence, dated February 19, 2009, explaining that vital discovery information was not disclosed when required, that: The plaintiffs in the following three cases are pursuing their claims under later-filed docket numbers and, presumably, that required information will be furnished in those later-filed dockets. David Alvarado, 05 Civ. 5601; Willie Bums, 06 Civ. 7950; Richard McCayhee, 05 Civ. 1652. Accordingly, these earlier-filed cases are dismissed as duplicative and for failure to prosecute. Fed. R. Civ. P. 41(b). The plaintiffs in the following six cases are not being pursued. Romulo Armas, 05 Civ. 5601; Rosanne Baldo, 05 Civ. 5601; Frank BeShears, 05 Civ. 5601; Joseph Buzzell, 05 Civ. 5601; Kharid Cameron, 05 Civ. 5601; Ronnie King, 06 Civ. 133. Accordingly, these six cases are dismissed for failure to prosecute, and for failure to obey a court order that each plaintiff have a separate case and separate index number. Fed. R. Civ. P. 41(b); Amended Order Following Appellate Remand Extending Jurisdiction (July 7, 2005) (referencing Order Regulating Filing Procedures and Propounding Interrogatories (July 13, 2004)). The plaintiffs in the following six cases are being pursued in either the 21 MC102 or 21 MC 103 docket. Battle, 06 Civ. 133; Amy Beller, 05 Civ. 5601; Russell Cannon, 05 Civ. 7877; Katherine Pinkey, 06 Civ. 818; Galit Sabo-Winer, 06 Civ. 1651; Felicia Taylor, 06 Civ. 996. Accordingly, these six cases are dropped from 21 MC 100 and will be transferred to the correct docket number upon written instructions of plaintiff, which shall be filed by plaintiff, on or before February 27, 2009. The Clerk shall mark the docket accordingly. (Signed by Judge Alvin K. Hellerstein on 2/23/09) (rjm) (Entered: 02/23/2009) |

| 03/09/2009 | <u>1185</u> | ORDER. By letter dated March 6, 2009, plaintiffs' liason counsel has moved for an adjournment of the briefing schedule on the pending defendants' motion for partial summary judgment as to the uniformed services plaintiffs. The uniformed services plaintiffs, e.g., police officers and firefighters who worked on the World Trade Center Site in the aftermath of September 11, 2001, are among those bringing suit against government entities and private contractors for illnesses they allegedly contracted from a contaminated working environment. Defendants' motion papers contend that the uniformed services plaintiffs' legal claim against the private contractor defendants under the Labor Law and General Municipal Law provisions was preempted by the plaintiffs invoke. The motion for adjournment is denied. The motion, although styled as a Rule 56 motion under the Rules of Civil Procedure, will be considered as a Rule 12 motion instead. Defendants' assertion that uniformed plaintiffs were not employees of the contractors, and plaintiffs' assertion that they were in fact employees from time to time, was accepted by the court arguendo as proved, for the purposes of this motion. | 3/23/2009 | <u>1211</u> | ORDER CLARIFYING PRIOR ORDERS: On March 4, 2009, I issued an order dismissing four cases from the above captioned litigation. On March 5, 2009, I issued an order, by memo endorsement, denying a request to vacate the prior orders. This order clarifies the two prior orders. On March 4,2009, I dismissed case number 04 Civ. 7236, in which John and Raehse were plaintiffs. I also dismissed case number 04 Civ. 7237, in which Daniel and Joette DeGiovine were plaintiffs. As explained in Case Management Order No.8, both cases were contained in Group A and the data required to populate the "Severity and Other Fields" portion of the database was to be submitted by February 10, 2009. These cases, and two other cases were dismissed for failing timely to provide this discovery material.According to data submitted to the court by plaintiff's Liason Counsel, both the Raehse plaintiffs and the DeGiovine plaintiffs remain in the litigation. John and Paul Raehse are plaintiffs in case number 07 Civ. 2367 and Daniel and Joette DeGiovine are plaintiffs in case number 07 Civ. 3935. These cases are contained in Group D. Accordingly, the prior orders stand. Nevertheless, the Raehse and DeGiovine plaintiffs remain in the litigation. (Signed by Judge Alvin K. Hellerstein on 3/23/09) (db) (Entered: 03/23/2009) |

| 6/30/2009 | <u>1397</u> | ORDER REGARDING DISCOVERY DISPUTE OVER MEDICAL RECORDS. The parties have asked me, by joint letter dated June 26, 2009, to resolve an issue that has been simmering since January 2008, and earlier. The medical condition of each of the plaintiffs, prior to September 11, 2001, have been an important subject of core discovery. Plaintiffs, since January 2008, have been seeking medical-related information maintained in the files of various agencies of the City of New York pertaining to plaintiffs. I have heard the disputes of counsel for the City and for plaintiffs on this issue numerous times. Despite repeated assurances by counsel for the City that all information was to be provided promptly, in response to subpoenas and authorizations provided by plaintiffs, the joint letter of June 26, 2009 makes it clear that there have been substantial delays, and, in too many cases, full production has not been made by defendants. If I have not been clear before, I wish to be clear now. All information in all files of all agencies of the City, in the custody of the City or of any agency of the City, or in the possession, custody or control of the City or of any agency of the City, that pertains to the medical history of any plaintiff, shall be produced promptly, and not later than twenty days from the date of this order. Failure to abide by this order will be cause for sanctions. Among such sanctions may be a prohibition against use by the City of any medical history information to September 11, 2001 with respect to the particular plaintiff whose records are not produced in compliance with this order. This matter remains in dispute following a "meet and confer" telephone conference on June 24, 2009. ENDORSEMENT: The subpoenaed parties shall produce, at the time and place requested, the writings by which each party was engaged to perform, and performed work at the WTC sites during the relevant period. | 7/08/2009 | <u>1411</u> | ENDORSED LETTER addressed to Judge Alvin K. Hellerstein from James E. Tyrrell, Jr. dated 7/2/09 re: We represent Defendant the City of New York. The City is pleased to report that it already fully anticipates completing production of medical records required by Case Management Order No.7 ("CMO 7") within the twenty days specified in the Court's June 30, 2009 Order... The City is deeply concerned, however, that the Court's June 30, 2009 Order could be read to require the production of a much broader and never before contemplated scope of medical records than was addressed by CMO 7... According to the Court intended the June 30, 2009 Order to replace the agreed-upon and precise language of CMO7, the City urges the Court to permit the City to be heard at an in-person conference with the Court. ENDORSEMENT: Defendant's concerns are unfounded and are denied. A HIPAA consent of course, is required, as a precondition of any search, and searches by the agencies providing healthcare services to employees are defined by reasonableness, to those places where medical records reasonably are expected to be located. | 7/08/2009 | <u>1417</u> | ORDER REGARDING DISCOVERY DISPUTE OVER DOCUMENT DEMANDS AND INTERROGATORIES. The parties submitted a joint letter, dated June 22, 2009, setting forth a discovery dispute over the manner in which defendants have produced documents in response to plaintiffs' discovery demands. In the letter, plaintiffs provided a sampling of the documents produced in response to discovery demands and summarized the responses. Also in the letter, defendants raise a dispute over improper interrogatories and document requests. Defendants' Discovery Responses: Defendants, by producing the number of documents they have produced, are representing that they, in good faith, believe that each and all of such documents "were presented to [a particular] plaintiff [of the four plaintiffs in issue] while he was employed at the WTC site." If defendants lack such good faith belief, they should withdraw all documents as to which they lack such good faith belief, promptly and within two weeks. If they do not withdraw any such documents, they shall tender for deposition, to be taken within the two weeks following, the person(s) upon whose knowledge defendants have formed this good faith belief, to enable plaintiffs to depose the relevant facts of such belief. At the end of the process, the parties may apply for reimbursement of costs and expenses, including attorney's fees, and for appropriate sanctions. Defendants' Citations of Improper Interrogatory and Document Requests: I ruled previously that it is inappropriate to raise such a new issue in the responsive section of a 2E letter. Order Regarding Discovery Issues Presented in Two Joint Letters of May 15, 2009 at I.B.3 (May 20, 2009). However, it is clear that plaintiffs are seeking to use interrogatories, document requests, and Requests to Admit improperly and in excess. Plaintiffs, within two weeks, shall withdraw such excess. If they fail to do so, and if defendants by motion demonstrate that they have failed to do so, reimbursements and sanctions may be considered. (Signed by Judge Alvin K. Hellerstein on 7/8/09) (rjm) (Entered: 07/08/2009) |

| 8/03/2009 | <u>1453</u> | ENDORSED LETTER addressed to Judge Alvin K. Hellerstein from Denise A. Rubin dated 7/31/09 re: On Thursday, July 30, 2009, the defendant City and its Contractors ("Defendants") served and filed another in their long, line of serial fact-based claim-determinative motions – this time seeking this Court's order granting dismissal of certain plaintiff motions as to defendants not specifically named in their core discovery responses. Of course, this Court is aware that deposition discovery has not even begun except for those ordered in connection with the Structural and Design Engineers' motion for summary judgment and that document discovery is likewise far from complete. ENDORSEMENT: Plaintiffs motion to bar defendants from filing motion to dismiss is denied. Defendants motion raises a fair question whether from the core discovery, case law and litigation against defendants where there is no evidentiary support for allegations against them, and an unlikelihood of discovering any, should such defendants be dismissed from the case. | 2/16/2010 | <u>1849</u> | ORDER. The Court understands that the parties are in the process of filing a number of potentially dispositive motions and that the supporting papers for these motions are extensive. To avoid undue burden on the ECF system, the Court directs that with respect to dispositive motions filed pursuant to the schedule established by Case Management Order No. 8 (and subsequent modifications to that schedule directed by the Court), the moving and responding parties shall file all exhibits with the motions by submitting to the Clerk of the Court an electronic disc containing (in pdf format) the exhibits as well as the notices of motion, memoranda of law, and certifications and affidavits. The parties shall submit the notices of motion, memoranda of law, certifications and affidavits by uploading them onto ECF. The electronic discs shall be filed with the Clerk of the Court to the attention of Richard Wilson. Courtesy copies of the electronic discs and of hard copies of all papers other than the exhibits shall be filed with chambers. (Signed by Judge Alvin K. Hellerstein on 2/16/10) (rjm) (02/17/2010) |

Pursuant to the Court's recent request that a date be set for submission of reply papers regarding this application for a stay, I communicated with Defendants' Co-Liaison Counsel on 21 MC 100 and 21 MC 102 dockets and also with Plaintiffs' Liaison Counsel in the 21 MC 100 and 21 MC 102 dockets. It was agreed that reply submissions would be due on Monday, May 10, 2010 and that I would submit this joint letter to the Court regarding this schedule. All counsel identified herein have had the opportunity to review this letter before its submission. A number of the parties in the 21 MC 100 and 21 MC 102 dockets opposing the motion object to any submission by Plaintiffs' Counsel in support of the motion for stay and do not believe that Plaintiffs' Counsel have standing to make such submission. Plaintiffs' Counsel disagree with this position and reserve their right to be heard on the motion for stay. In addition, a number of the parties opposing the motion request that a date for argument be set at the Court's earliest convenience. ENDORSEMENT: So Ordered. | 5/27/2010 | <u>2079</u> | ORDER: I have been in touch with the plaintiffs, defendants and the World Trade Center Captive Insurance Company regarding negotiations on the proposed revised agreement to settle. Since intensive negotiations are said to be continuing, it would be inadvisable to distract the parties by requiring their submission of a reply brief on the motion for a stay on the stay I set in my order dated May 7, 2010. This order responds to the letter of Howe & Russell, P.C., dated May 26, 2010, asking if my comment at the hearing of March 19, 2010, concerning contingent fees of plaintiffs' lawyers applies to them. I intended my comment to apply to the plaintiffs lawyers who might be sharing in contingency arrangements. I anticipate that reductions in such fees, if proposed to improve the benefits flowing to the plaintiffs by reason of any revised settlement agreement, are proposed on behalf of all lawyers and law firms expecting to share in the fees chargeable to plaintiffs or collected from plaintiffs' recoveries. If any attorneys decline so to be governed, they will have to apply to the court for appropriate relief. Relates to 21mc100, 21mc102, 21mc103. (Signed by Judge Alvin K. | 6/29/2010 | <u>2113</u> | ORDER PROPOSING AMENDMENT TO SPECIAL MASTERS' APPOINTMENT. The court now proposes a new order for the Special Masters, as facilitators and mediators of the settlement discussions now about to begin with the defendants. The defendants are not parties to the Settlement Agreement. The Special Masters, in addition to all the powers authorized pursuant to the order of December 12, 2006, are authorized and empowered to identify groups of defendants and insurers having similar interests, engage in ex parte discussions with counsel acting for these groups (to the extent the parties thereto consent), and generally, promote and facilitate discussions and negotiations to bring about additional settlements in the 21 MC 100 and as further set forth. The Special Masters shall report to the court at the end of each month. The costs and expenses of the Special Masters shall be billed and paid monthly, as provided by paragraph 6 of the order of December 12, 2006. Costs and expenses may be billed to subsets of plaintiffs and defendants as appropriate. Any party objecting to this order shall file its objections with the court by July 2, 2010, and submit the substance of the objection by July 6, 2010. | 09/14/2010 | <u>2182</u> | WORKERS' COMPENSATION LIEN COMPROMISE The Workers' Compensation Carriers and Providers ("Carri Providers") who are signatories herein both before and after this agreement is so ordered by the Court, agree that thi stipulation shall constitute consent to any settlement offer proffered by any defendant in the action known as In re W Trade Center Litigation. Carriers and Providers will provide a statement, within 14 days of being put on notice of an settlement subject to this agreement, as to the amounts they have paid to and on each plaintiff's behalf, and where |

| | | |
|------------|-------------|--|
| | | <p>appropriate, they will state the amount the carrier or provider will accept in satisfaction of any lien they may claim in accordance with the below provisions, or in the alternative, state that there exists no such current claim of lien ("lien certification notice"). This stipulation between the plaintiffs and the carriers and providers will settle all rights and obligations between the parties hereto with respect to liens and offsets as defined in Section 29 of the New York State Workers Compensation Law. This stipulation applies to any recovery received by plaintiffs resulting from In re World Trade Center Litigation. Said recovery shall be the total gross awards from the Captive settlement (without reduction for attorneys' fees, costs or liens), as well as from any other MC100 entity/carrier/defendant (the "cumulative gross recovery"). The Carriers and Providers agree to exempt the first \$11,000 of the cumulative gross recovery received by an individual plaintiff from any claim for lien and offset. If the total of the cumulative gross recovery received by a plaintiff is less than \$11,000, the Carriers and Providers will waive any right to claim liens or offsets against that plaintiff's cumulative gross recovery. Carriers and Providers agree to accept as full satisfaction ("lien satisfaction") of any claimed lien the lesser of (a) 25% portion of a plaintiff's cumulative gross recovery in excess of \$11,000, or (b) 25% of the claimed lien for benefits payable as of the date of the lien certification notice and as set forth therein. Further, any Carrier who, after the date of the lien certification notice, pays workers' compensation benefits for lost wages for time periods that pre-date the lien notification notice ("delayed indemnity payments"), may have the right to retain some of these payments ("delayed indemnity payment retention"). Thus for any delayed indemnity payments due and owing to plaintiff, an "augmented lien satisfaction" is calculated, which is 25% of the lesser of (a) the lien amount at the time of the lien certification notice plus the delayed indemnity payment, or (b) the cumulative gross recovery in excess of \$11,000, and from this lesser amount, the amount the original lien satisfaction is deducted. The Carriers and Providers shall deduct the amount of the augmented lien satisfaction from any delayed indemnity payment due and owing. The Carriers and Providers agree to waive their right to offset on any recovery subject to this agreement, and to thereby continue to furnish workers' compensation benefits uninterrupted, with the following exceptions: a. Delayed indemnity payment retention defined above. b. As to any recovery upon which the Carriers and Providers have paid no benefits as set forth in the lien certification notice, the Carriers and Providers shall have an offset equal to 25% of any cumulative gross recovery by such plaintiff in excess of \$11,000, or any amount for any workers' compensation benefit awarded subsequent to the lien certification notice. The plaintiffs, Carriers and Providers further stipulate that the terms stated above concerning payment of the Carriers' and Providers' offset of lien and exercise of offset rights satisfy all legal obligations with respect to the equitable apportionment of attorneys' fees and that no additional reduction shall be permitted. If with respect to anyone plaintiff, two or more Carriers and Providers claim a lien for payments made, or have been or will be determined by the Workers' Compensation Board to be jointly responsible to pay workers' compensation benefits, said plaintiffs lien repayment shall be calculated and paid to the Carriers and Providers in a proportion commensurate with their lien claims or Workers' Compensation Board determination of responsibility. In no event shall said plaintiffs lien repayment or the Carriers and Providers offset rights be any greater than there had been only one Carrier and Provider. Any disputes in interpreting or applying this agreement shall be determined by arbitration. Arbitration shall be conducted by the special master appointed by Judge Alvin Hellerstein. | 10/04/2010 | <u>2203</u> | ORDER SUA SPONTE DISMISSING COMPLAINT. Plaintiff Wayne F. Rouillier filed a complaint on September 1, 2010, asserting several causes of action arising out of his participation in the clean-up effort after the terrorist attacks of September 11, 2001, against the City and 92 contractors. The complaint is clearly deficient under Federal Rule of Civil Procedure 8(c). It is important that others similarly situated be made aware of its deficiencies lest they use it as a model. Hence, I make this ruling promptly following its having come to my attention, dismissing the complaint because of its deficiencies without requiring it to be repleaded and without waiting for a formal motion. The complaint is dismissed without prejudice. Plaintiff has 20 days to file an amended complaint. Relates to 21mc100, 10-6984. (Signed by Judge Alvin K. | 10/14/2010 | <u>2214</u> | GENERAL ORDER SUA SPONTE DISMISSING COMPLAINT: Over the last several weeks, approximately three new complaints have been filed in the above-captioned master calendars. I recently held that three of these complaints are deficient under Federal Rule of Civil Procedure 8. Order Sua Sponte Dismissing Complaint, Roullier v. City of New York, 10 Civ. 6984 (21 MC 100), Doc. No. 2203 (S.D.N.Y. Oct. 4, 2010); Order Sua Sponte Dismissing Check-Off Complaint, O'Donnell v. City of New York, 10 Civ. 6824 (21 MC 100), Doc. No. 2184 (S.D.N.Y. Sept. 21, 2010); Order Sua Sponte Dismissing Pro-Forma Complaint without Prejudice, Penafiel v. City of New York, 10 Civ. 6812 (21 MC 100), Doc. No. 3857 (S.D.N.Y. Sept. 21, 2010). I elaborated on the reasons these complaints are deficient in a recent order denying reconsideration. Order Denying Reconsideration of Orders Dismissing Check-Off and Pro-Forma Complaints, 10 Civ. MC 100, Doc. No. 2202 (S.D.N.Y. Sept. 29, 2010). The three dismissed complaints appear to be representative of all recently filed complaints. The recently filed complaints were filed by the same counsel, in similar format. For the reasons already provided in my previous orders, these complaints also fail to comply with Federal Rule of Civil Procedure 8 and are therefore dismissed. As with the other orders, these dismissals are without prejudice to filing amended complaints. Defendants in these cases have thirty days to amend and file complaints sufficient under Rule 8. A schedule of the dismissed complaints is attached. All counsel and parties should know there is little, if any, justification for form complaints. It is now nine months after the events of September 11, 2001. Counsel who are submitting these defective complaints are intensely familiar with the events and the proceedings of this litigation, and know that only complaints alleging a legally cognizable injury and a valid claim to relief are sufficient. The litigation needs to be resolved, not kept open by defective pleadings. (Signed by Judge Alvin K. Hellerstein on 10/14/10) (db) (Entered: 10/14/2010) |

That date should have been, but was not, enlarged when the opt-in date was enlarged. The City r do that now, to December 21, 2010. Plaintiffs do not oppose the motion. I grant the motion. Plaintiffs ask to enlarge deadline in Paragraph 4 of CMO 10 by which those who are continuing with the cases, whether because they did not because they became plaintiffs after the SPA's bar date of April 12, 2010, are required to file expert reports. | 11/05/2010 | <u>2238</u> | ORDER REGULATING PROCEEDINGS: I have been informed by Special Masters Dean Aaron Twerski and Prof. James Henderson that a settlement in principle has been reached between Plaintiffs' Liaison Counsel, Worby Groner Edelman & Napoli Bern; Certain Underwriters at Lloyd's of London and London Insurance Companies that issued marine liability insurance policies to the City of New York and Weeks Marine, Inc. ("Marine Insurers"); and the WTC Captive Insurance Company, Inc. This settlement resolves a dispute over the Marine Insurers' alleged duty to contribute to the settlement described in the World Trade Center Litigation Settlement Process Agreement, As Amended ("Amended Settlement Process Agreement"). The Special Masters mediated this insurance dispute, and their efforts were of invaluable assistance in reaching a settlement. The most significant details of the settlement are further set forth within. I find that the settlement is fair and reasonable. In addition, I find that the approach to allocation of the Marine Insurers' settlement agreed upon by plaintiffs' counsel and the WTC Captive is fair and reasonable. I previously overruled the parties' objections to my exercise of authority and jurisdiction over the Amended Settlement Process Agreement and all proceedings in connection with, and arising from, that agreement. The parties' objections to this Order similarly are overruled. (Signed by Judge Alvin K. Hellerstein on 11/5/2010) (jfe) (Entered: 11/05/2010) |

| 11/08/2010 | <u>2241</u> | ORDER REGULATING PROCEEDINGS: Until further order of this Court, the parties shall not discuss publicly the merits of claims in relation to the Opt-In Threshold under the World Trade Center Litigation Settlement Process Agreement, As Amended ("Amended SPA"). Specifically, the parties shall neither initiate contact with members of the media nor respond to media requests for information. Pursuant to Section VI.B of the Amended SPA, the deadline for plaintiffs desiring to opt into the settlement by signing releases and other relevant documents is 11:59 PM on November 8, 2010. Because of the large volume of responses, the impracticality of reviewing their sufficiency, and the difficulty of presenting them to the Allocation Neutral, the deadline for uploading to the Allocation Neutral's website all plaintiffs' releases and other documents evidencing their decision to opt into the settlement is Thursday, November 11 at 3:00 p.m. EST. However, plaintiffs' counsel shall not accumulate such responses, but upload all such responses as soon as received and processed. The parties shall report to the Court concerning the satisfaction of the Opt-In Threshold and the number of plaintiffs who have opted into the settlement as soon as reasonably possible after the plaintiffs' releases and other documents evidencing their decision to opt into the settlement have been finalized, submitted, and counted. The Court will post that report to its website promptly once the report becomes available. (Signed by Judge Alvin K. Hellerstein on 11/8/2010) (jfe) (Entered: 11/08/2010) |

| 11/15/2010 | <u>2248</u> | ORDER APPROVING SETTLEMENT: Liaison counsel for Plaintiffs and Defendants involved litigation arising from the reception and burial of World Trade Center debris at Fresh Kills, Staten Island, have reached a partial settlement of claims made by Plaintiffs against such Defendants. The aggregate settlement amount against all the Fresh Kills Defendants who are identified below, is \$24.3 million inclusive of \$300,000 payable to defray administrative expenses. The present partial settlement for two-thirds of this amount, or \$16.2 million, is with two of the three sets of these Defendants. The set of Defendants have not yet settled, and may not settle, and the lawsuits will continue against them. I have reviewed the partial settlement and I find it to be fair, reasonable, and adequate, in the context of previous settlements previously announced and found fair, reasonable, and adequate. I accept the partial settlement, and I order it to be implemented simultaneously with all other settlement distributions to Plaintiffs who made claims or filed lawsuits against the Fresh Kills Defendants or any of them. Plaintiffs' liaison counsel, Worby Groner Edelman & Napoli Bern, represent that there are no Plaintiffs who made claims or filed lawsuits against the Fresh Kills Defendants or any of them in the 21 MC 100 and 21 MC 102 Master Calendars. The present partial settlement will be distributed to these Plaintiffs according to their entitlements under the Settlement Process Agreement, As Amended, with \$2,000 payable to eligible Tier One Plaintiffs, \$3,500 payable to eligible Tier Two plaintiffs, and \$5,500 payable to eligible Tier Three plaintiffs. The balance, estimated to be 90 percent of the partial settlement amount, will be distributed to Tier Four Plaintiffs in accordance with the allocation provisions set forth in the Settlement Process Agreement, As Amended. Plaintiffs' counsel may charge no more than a 25 percent contingency fee with expenses limited in accordance with previous orders, rulings, and agreements. The settling Defendants are Phillips & Jordan, Inc., and Evans Environmental & Geological Science and Management LLC ("EE"), together with their respective insurers, in the amount of \$8.1 million each. The non-settling Defendant is Taylor Recycling Facility, LLC ("Taylor Recycling"), together with its several insurers. The amount of settlement had been agreed to. The distribution of payment among Taylor Recycling's several insurers could not be agreed to. All lawsuits are to continue against Taylor Recycling, including the possibility of various actions against its insurers, without limitation as to any settlement amount. I note that today's partial settlement with Phillips & Jordan and EEG is one of several now completed between Plaintiffs in the 21 MC 100, 21 MC 102, and 21 MC 103 Master Calendars and the various Defendants whom they sued. These various agreements and the settlement amounts, are set forth within this Order. All told, Plaintiffs eligible to settle their cases presently may recover an amount between \$720.8 million and \$811.8 million, along with additional amounts that may flow from settlements under discussions that are still ongoing. If Plaintiffs satisfy the requisite opt-in thresholds, and to ensure the speedy and efficient distribution of individual settlement amounts, all these funds shall be submitted to the Allocation Neutral, who shall distribute individual settlement amounts to each of the Plaintiffs in a timely manner, and as provided for in each of the various settlement agreements. Plaintiffs' liaison counsel, Worby Groner Edelman & Napoli Bern, have agreed to pay Special Counsel's fees and expenses out of the fees they will be receiving in these lawsuits, on behalf of themselves for their clients who are or may be affected, and on behalf of other Plaintiffs' counsel for their clients who are or may be affected, proportionately to the fees of such clients. Special Counsel will not be required to report to the Court, except as may be convenient to his work. The goal of his services is to assist such of the Eligible Plaintiffs as desire his services to come to one of four possible decisions on the basis of full and fair disclosure of all the benefits and detriments of each choice, and to make proper declarations of such choice (items listed as 1-4 on page 4). All previously filed stipulations will be subject to an order conforming to the provisions to the Order of February 22, 2010. (Signed by Judge Alvin K. | 1/03/2011 | <u>2272</u> | ORDER DENYING FEDERAL RULE 41(a)(1) MOTIONS OF VOLUNTARY DISMISSAL: In the past week, I ha received a series of Federal Rule of Civil Procedure 41(a)(1) stipulations of voluntary dismissal in cases docketed in above-captioned Master Calendars. The parties to these stipulations have sought Court approval for the dismissals. proposed stipulations are deficient and cannot accomplish their purpose. I therefore deny approval at this time, with prejudice to renewal. Federal Rule of Civil Procedure 41 (a)(1) states in relevant part, "Subject to Rules 23(e), 23.1 and 66 and any applicable federal statute, the plaintiff may dismiss an action without a court order by filing: (i) a no dismissal before the opposing party serves either an answer or a motion for summary judgment; or (ii) a stipulation of dismissal signed by all parties who have appeared." The stipulations at issue fail to comply with this rule. The first s stipulations, submitted by the Hofmann & Schweitzer firm, are designated "Rule 41(a)" dismissals. However, the stip do not comply with Rule 41(a)(1), the applicable rule. The stipulations do not state whether the opposing parties hav answered or moved for summary judgment, and do not state whether they are dismissing all parties whom the releva Plaintiffs sued, or only some parties. The second set of stipulations, submitted by the Sullivan Papain firm and the C Cannata firm, state that they are Federal Rule 41(a)(1)(ii) dismissals, but are similarly deficient. Plaintiffs are given seek voluntary dismissal by motion, if fewer than all Defendants are to be dismissed, or by stipulation either if all D are to be dismissed or if Defendants in a given case have not answered or moved for summary judgment. See Fed. R 41(a). For the Parties' ease of reference, the rejected stipulations are attached to this Order. SO ORDERED. (Signed Alvin K. Hellerstein on 1/3/2011) (lnl) (Entered: 01/04/2011)) |

In four of these, an executor or administrator has been appointed to represent the decedents' estate; in the other nine, no such appointment has been made. Federal Rule of Civil Procedure 25(a)(1) provides that upon death of a party, a successor plaintiff must be substituted for the decedent. If the substitution does not occur within ninety days of the death, the case must be dismissed. A motion for substitution of the administrators and executors must be filed in each of these cases by January 20, 2011, and the decision to settle, continue without settlement, or dismiss must be ratified in writing by the administrator or executor. In addition, in the case of the party wishing to settle, the settlement and related documents required by the SPA must be executed and delivered to the Allocation Neutral by January 20, 2011. In the remaining cases, no administrator or executor has been appointed. In this case, a motion for substitution of the administrator or executor must be filed and the decision of the next of kin ratified.
